Changes: Presentation only: original HTML markup reflowed into plain text; wording, numbering and source repetitions retained. No repetitions expanded.

Completeness: ABBREVIATED. Every source-unit character is preserved, including introductions, notes and verse structure. Thanissaro's collection-level note explicitly states that repetitions were cut: https://www.dhammatalks.org/suttas/about.html. This is evidence about the translation method, not an assertion that every individual unit contains an omission; no repetitions reconstructed.

Brightness

Obhāsa Sutta (AN 4:144)

“There are these four types of brightness. Which four? The brightness of the sun, the brightness of the moon, the brightness of fire, and the brightness of discernment. These are the four types of brightness. And of these four types of brightness, the foremost is the brightness of discernment.”
