Changes: Presentation only: original HTML markup reflowed into plain text; wording, numbering and source repetitions retained. No repetitions expanded.

Completeness: ABBREVIATED. Every source-unit character is preserved, including introductions, notes and verse structure. Thanissaro's collection-level note explicitly states that repetitions were cut: https://www.dhammatalks.org/suttas/about.html. This is evidence about the translation method, not an assertion that every individual unit contains an omission; no repetitions reconstructed.

Text

"Endowed with five qualities, a monk pursuing mindfulness of breathing will in no long time penetrate the Unprovoked [release]. Which five?

"He is a person who imposes only a little [on others]: one of few duties & projects, easy to support, easily contented with the requisites of life.

"He is a person who eats only a little food, committed to not indulging his stomach.

"He is a person of only a little sloth, committed to wakefulness.

"He lives in the wilderness, in an isolated dwelling place.

"He reflects on the mind as it is released.

"Endowed with these five qualities, a monk pursuing mindfulness of breathing will in no long time penetrate the Unprovoked."
